The Official LSAT PrepTest 65: (Dec. 2011 LSAT)

Synopsis

The PrepTest is an actual LSAT administered on the date indicated. Practice as if taking an actual test by following the test-taking instructions and timing yourself. In addition to actual LSAT questions, each PrepTest contains an answer key, writing sample, and score-conversion table.

Customer Reviews

Look, I know that dishing out almost ten bucks for each of these practice tests (PTs) sucks, but it is important. No prep book or test taking strategies can do the trick alone. The magic happens when you put what you've learned into practice with actual tests. Buy these, take them under perfectly simulated conditions (even find the testing room if you can), review them extensively to understand your mistakes, and kill it on test day. Between the 2 times I took the LSAT, I went through approximately 50 PTs. This prep had everything to do with my 97th and 99th percentile scores.

I used these book's along with the lsat logic reading game bible series.. I didn't study very much and was able to score a 171..I attribute my success to these book's...The trick is drilling weak area's at the end of each week and ensuring you take a practice test at least once weekly. I would recommend about 15 practice tests to take in complete sittings and 15 for drilling weak areas.

It is a great product to have for the LSAT! It is not so expensive and you could definitely use it as a

tool to improve your LSAT score!

as expected.

Great! Fast delivery!

This is the best for studying. A must have for future LSAT takers. Nothing helps you more than the actual test!

Great for the future law school student. Take an official LSAT to see where you stand, and where you need to improve.

Best way to prep for tests.
