New Bible Dictionary

Synopsis

The New Bible Dictionary is a reference work ideally suited for people of all ages and backgrounds. This magnificent and comprehensive Bible dictionary has set the standard for evangelical Bible dictionaries for five decades. Now in its third, updated edition, it is the clear leader in its field. The third edition is an important step forward in bringing this classic work up to date with the latest developments in biblical studies, ancient Near Eastern studies and archaeological finds. One hundred of the most important articles have been revised and rewritten. All of the bibliographies have been revised, taking into account the vast increase in publications since the second edition was released. The third edition of the New Bible Dictionary will increase the reader's knowledge and understanding of God's Word as no other single book can do. It is an invaluable reference book for schools and colleges, theological and Bible college students, ministers and laypeople, teachers and professional scholars--everyone who wants to know and understand the Bible better.

"The text is clearly written, up to date, cognizant of critical theories, yet true to the Bible as God's Word and replete with helpful information. This work is destined to become a standard that will be turned to often by students and ministers alike." (Christianity Today)

A classic A-to-Z reference work of Bible terms by an international team of over 150 scholars, now in its third, updated edition. Over 2,000 entries on the Bible's books, people, places, key words, and major doctrines; essential background information on the history, geography and customs of Israel

and its Middle Eastern neighbors; up-to-date information on recent advances in the fields of biblical studies and archaeology; and a text highlighted with maps, family trees, line drawings, diagrams, charts, and illustrations. An index with 10,000 entries gives easy access to the massive amounts of information in the book.

I've used this text, as well as The New Bible Commentary, for two decades teaching Sunday School. I have many reference texts to help preparing my lessons, but if I had to choose only one to have this one would be it. It's authoritative without being written in excessively stilted language. I have gifted it to visiting missionaries to help in their teaching, both for its quality and because the single volume can be carried in their return luggage. In my experience it's the best authoritative, single volume Biblical reference book on the market.

This is one of my favorite Bible Dictionaries. I feel that it gives you the information you actually want to know, especially for those not wanting all the extra critical scholarship. This Dictionary is thorough yet simple and holds the Bible in high esteem and authority. I lead a small Bible school and we use this for our students alongside the Anchor Yale encyclopedia set and I actually prefer this for our students most of the time. It contains way less information because it is one large volume as opposed to a whole set like the Anchor Yale. If you are looking for a Dictionary for your own personal study, this is the one.

good price, fast service

I am very pleased with the New Bible Dictionary I purchased recently. I teach an adult Sunday School class which requires a lot of preparation and in-depth study. My pastor suggested this book as a reliable resources that he uses to prepare his sermons. He lent me his copy so I could decide if it would fit my needs. It appears to have even more helps and information than I could have hoped for. The pastor gave me great advice when he recommended that I should order this book!

Very good Bible dictionary. Have others and always looking to learn something new about a Bible word. Bible dictionaries have a lot of the same words but not all have the same information. Each one is different and unique in itself. Would recommend the New Bible Dictionary to anyone who is a student, no matter what your age. Like other Bible dictionaries, there are many scholars who contribute so there is always the advantage and privilege of learning something from a different

perspective.

At this date, this volume is hardly "new," but it's been a standard for years. I gave my first copy to a school in Brazil, and ended up ordering a used one to replace it because I missed having it handy.

This dictionary continues to aid you with deeper understanding the meaning. I love it!

The New Bible Dictionary is a great tool for any person trying to do entry level hermeneutics. It isn't terribly in-depth, but it provides a lot of great information. It is no doubt one of the first resources to start with in order to get a base of knowledge!
