Language: English

ISBN-10: 1521190763

ISBN-13: 978-1521190760

Product Dimensions: 6 x 0.2 x 9 inches

Shipping Weight: 6.4 ounces (View shipping rates and policies)

Average Customer Review: 2.0 out of 5 stars 1 customer review

Best Sellers Rank: #659,148 in Books (See Top 100 in Books) #99 in Books > Health, Fitness & Dieting > Exercise & Fitness > Aerobics #568 in Books > Arts & Photography > Performing Arts > Dance #52828 in Books > Humor & Entertainment

## Customer Reviews

This book offers some good information, if you already have some knowledge of intermediate pole. I don't agree with the order of the lessons though and there are some inconsistencies and writing errors. For example, I don't feel the lesson on shoulder mounts should be prior to learning handstands and climbs. The straddle carousel lesson should include a note that split grip can be hard on the wrists. Some wording (such as the use of "You should then" and "Now," is repetitive, and therefore makes it hard to follow. The drawings are extremely helpful and I do wish there were more of them. Also, without having read the beginner book, I don't know if there is a glossary or break down of terms, which would have been helpful as not all moves have the same names in each region. I do appreciate that the author mentions the need to work on ab strength in order to get some of the moves.\*This digital copy was received in exchange for a review. All opinions are my

own.\*
