great

Thanks

This product is great! It came with everything they said it would. There were no marks on any of the pages, which is weird, because it's a singing book. I had expected there to be some marks in it, but I can't remember if I got it new or not. The book came packaged well and in like-new condition. Order

from this company. They have earned my respect and I'm sure they will earn yours too.

The book is good, but on one of the songs, the CD did not match the way the sheet music was written out. Using this for an audition, so it's important they match. Not sure if that is the case with the other songs. Otherwise, good book.

As a voice teacher I use this series for every voice type, some content I like better than others for Freshmen/Sophomores but all in all a great purchase to get several genres in one affordable book.

The second CD was missing from the inside jacket. Not pleased...

Great Price!! Best price that I found for this item. And the condition was excellent! Quality and price was great

Well, I had to get this book for my vocal lessons but it's a great book. There's a huge variety of songs and styles in here.
