Customer Reviews

"Grumpy Cat's online fame is undeniable. But cranky Luddite readers who cling sourly to the printed page can discover her charms ...with the arrival of 'Grumpy Cat: A Grumpy Book.' A Web star for our anxious times, Grumpy Cat also is an unofficial mascot for sufferers of bad-attitude resting face, which goes by another name that rhymes with itchy. Clearly, Grumpy Cat is currently our favorite peeved pet." -Detroit Free Press

"an innovative concept, featuring unusual images of a feline that's become an Internet sensation. Subtitled 'Disgruntled Tips and Activities Designed to Put a Frown On Your Face,' the slim, colorful book is likely to make you frequently laugh out loud." - Lansing State Journal

Grumpy Cat is a small cat with a big frown who has inspired a hugely popular meme. With a sour expression that could stop traffic (and make it feel bad about itself), Grumpy Cat's talents include passing judgment, raining on parades, and making happy people grouchy. Grumpy Cat lives in Arizona.

I am a huge Tartar Sauce/Grumpy Cat fan so naturally I had to have this book. It is basically a compilation of Grumpy Cat memes that you see all over the internet with a few basic activities such as cross word puzzles and connect the dots. The book also features a couple images of Pokey, Dog and Cactus. If I would have had the opportunity to flip through the book at a book store, I would not have purchased the book simply for the lack of diversity in the images. There are tons of images out there of Grumpy Cat, but this book features the same two on every other page, but with a different caption. I was hoping for a more diverse collection of images.

I didn't know what to expect when I ordered this, but I'm a fan of Grumpy Cat so I figured why not. Well, it had me roaring with laughter as I flipped through the pages. I shared it with others and got the same reaction. A cute book with great Grumpy Cat photos and sayings. If you are having a bad day, flip through this and you will no doubt cheer up. Highly recommended, and I say that with a grumpy smile on my face!!!

Amusing and totally in character, Tarder Sauce is at her grumpy best. The illustrations are well put-together and contribute greatly to the whole. The activities are a hoot. I quite enjoyed it.

Well all was fine and wonderful with this book while I was reading it with my 8 yr old son until we got to the page that said "ABCDEF-U" and he asked "what does that mean?" And I had to scurry up a lame excuse. Granted I know the book is grumpy and talks about dying, etc, but we joke this off. I did not realize the book would be talking about the queen bee F curse word.

my friend told me about Grumpy Cat. I had not discovered Grumpy Cat, but when I decided to send a gift her way, I wanted to find a book for her and this was the book of choice. My nurse friend called and was laughing during our conversation, telling me about the funny pictures and how her daughters would be thrilled with this book, too. it was a hit as a gift and I wish there were more books like this to send as gifts. Based on my friend's reaction to this book, I highly recommend it for anyone wanting/needing a smile and a great gift for a friend, relative or self...especially if you want some smiles. The shipping was fast, the item arrive in perfect condition and I am so pleased with another " winner" in my opinion. My friend is really enjoying this book and I think you will, too.

If you enjoy Grumpy Cat's less than cheerful point of view, you'll find this book to be a quick, fun

romp! I chuckled frequently. Two things kept it from earning a 5-star review:1) sub-par production values. As others have mentioned, several "standard" grumpy poses were recycled quite a bit in different memes rather than taking the time to come up with fresh poses for each page. I'd love to see a more comprehensive photolog.2) The ebook version could be better. It is not scalable on my 7-inch tablet, making the footnotes impossible to read. When viewed on a full-size monitor using 's Cloud Reader, the typography became more legible, but I could not figure out how to display the content in 2-up (side-by-side) format, which is ideal for reading some of the quizzes.

I ordered two of these books for myself and a coworker who has the calendar. It's a lovely little book that gives an inside look into grumpys life, home, and the things that essentially make grumpy cat grumpy. Other readers were apparently expecting a "War and Peace" type-book with an angry cat, which is not what this is. This is a charming little book that will make the most disgruntled person in your life momentarily less grumpy. I'm keeping it at work for a pick-me-up, on those challenging days where I'm devoid of humor and get the nagging voice that says "a masters in social work was a hideous choice, go into finance." ã ã ã^•

there were some reviews that stated there was no variety in this book. Grumpy Cat really doesn't have that many different looks. To me, that's what makes Tardar Sauce so much fun. Maybe I'm easily assumed, maybe I just like Grumpy Cat, but this book made me laugh out loud. it's not supposed to be anything but fun and to me, that's exactly what it was. recommend if you want to laugh, not for deep thoughts on the meaning of life. You go, Tardar Sauce. I think you rock.
