Owlflight (Owl Mage Trilogy)

Synopsis

Apprenticed to a venerable wizard when his hunter and trapper parents disappear into the forest never to be seen again, Darian is difficult and strong willed-much to the dismay of his kindly master. But a sudden twist of fate will change his life forever, when the ransacking of his village forces him to flee into the great mystical forest. It is here in the dark forest that he meets his destiny, as the terrifying and mysterious Hawkpeople lead him on the path to maturity. Now they must lead the assault on his besieged home in a desperate attempt to save his people from certain death.

Customer Reviews

Following the events in Storm Breaking (LJ 10/15/96) but without continuing that novel's characters, the stand-alone Owlflight is the latest in Lackey and Dixon's "Valdemar" series. After mage-storms wreak havoc with the laws of magic, his parents disappear, and barbarians sack and burn his village, young Darian retreats into the forest. There he encounters a magical race and discovers his own special powers with birds. This engrossing tale of discovery is recommended especially for libraries that collect the "Valdemar" fantasy series. Copyright 1997 Reed Business Information, Inc.

Stand-alone Valdemar yarn from the wife-and-husband team (The Silver Gryphon, 1996, etc.). Chronologically, this follows the events of Storm Breaking (not reviewed), but it's otherwise unconnected. Young orphan Darian lives on the edge of the vast Pelagiris forest. Though

apprenticed to the wise old wizard Justyn, he's contemptuous of magic in general and unwilling to make the effort to develop his own talents. When invading barbarians burn the village and kill Justyn, Darian flees into the forest and meets the Hawkbrothers, a magical elflike race who bond with birds and bear such names as Snowfire, Starfall, and Nightwind. What ensues is a standard coming-of-age fantasy involving the usual Lackey and Dixon suspects (yes, of course, gryphons). Should entertain the more junior and unsuspecting sections of the audience. -- Copyright ©1997, Kirkus Associates, LP. Young man's heart crushed after losing his parents. Lost his teacher when trouble visits his village. Found family and love when the hawk brothers came in to his life. Knows that he is cared for.

The Owl series is wonderful. Richly detailed, imaginative narration. Another slice of the world of Valdemar. This series follows Darian through losing his parents as a child, to finding out he has the gift of magic, to finding his place in the world. Strong characters,

I really enjoyed this book. At first I thought I would not care for it when Darian started out running away from responsibility. This book just got better and better. I liked the way the characters developed and I am proud to add it to my collection.

This is a great book for the young and young at heart. A GREAT book for those who are just starting out on the road of reading and adventure. I hope it leads YOU into a world you can call your own.

I love every book Mercedes has ever written about the Heralds and the mysterious hawk brothers.

Love Valdemar

This book is just an example of the true artistry of Mercedes! The story draws you in and makes you feel a part of it, with vivid imagery, lovable characters and intriguing story lines. Her Valdemar series is a true work of art! I highly recommend you read all of them! You won't be disappointed!

An exceptionally brilliant and gripping Trilogy by the husband of Mercedes Lackey, from the very start of book one, to the last page of book three this trilogy maintains a flowing story line that just

carries the reader all the way with it, and peopled with the most amazing characters and critters, I adored it and have re-read it several times, and I am very sure I will re-read it again in the future..
