Sparks: Talent Is An Asset

Synopsis

When LA musicians Russell and Ron Mael moved to Britain in 1973, they hit the pop world as Sparks and looked like Oddballs, even in the context of the Glam Rock movement that made them welcome. Soon defined by their weird and wonderful 1974 single *This Town Ain't Big Enough for the Both of Us* from the *Kimono My House* album, Sparks went on to release 21 albums over four decades, each record inhabiting a bizarre world of its own. Their songs were peppered with puns and pop culture nods, as well as nostalgia and jokey images, all mixed up in a kaleidoscope of musical references ranging from rock to glam to disco. The paperback edition of the critically acclaimed biography. The Sparks story is now celebrated in this book, Daryl Easlea's exploration of their extraordinary career drawing on hours of new interviews and research. *Talent is an Asset* comes as close as possible to pinning down the quicksilver nature of two gifted musicians who have gone out of their way to remain unpredictable and elusive, forever entrenched behind a dazzling gallery of jokes, impersonations and musical eccentricities.

Customer Reviews

'[Easlea's] mastery of the story makes *Talent is an Asset* that rare kind of page turning biography that nips along like any bestselling novel.' Record Collector 'The early exploits are the most interesting.' Mojo ****

Daryl Easlea was the deputy editor of *Record Collector*, to which he remains a regular contributor. His work also appears often in *Mojo* and *bbc.co.uk*, *The Guardian*, *Uncut*, *Dazed & Confused*, *The*

Independent, Socialism, The Glasgow Herald, The Encyclopaedia of Popular Music and 1001 Albums You Must Hear Before You Die.

Since there is so little(true) information about the Mael brothers available this is a smart buy for any Sparks fan. Sadly very few people (again, sadly mostly americans) don't realize what a national treasure Ron Mael is, his name should be listed with great american composers of the 20th (now 21st) century.

I like sparks more than you. Just playing around though it may very well be true oh s*** i have to be at work in the morning. I just couldn't put it down.

I think this is the only book available on Sparks, and it stands to reason. There is nothing more that can be said that isn't in this book about these two amazing brothers.

Yes, an excellent book as is the other biography Number One Song In Heaven.Both are a great history of the band with some wonderful pics.

Essential reading for a serious Sparks fan; but interesting for anyone interested in rock history.
