Customer Reviews

This book is a lovely gift for any age but I often gift it to a new baby. It's message is applicable for all ages.

I got this book for my daughter with special needs. She's just getting to that age where she's realizing she's different and sometimes it makes her sad. She doesn't always like reading books so I wasn't sure this book would help, but I'm always willing to try anything for her! But she loves all the

bright colors and it's now her favorite book! And I love sending her the message over and over that we should all celebrate our unique qualities.

I bought 2 copies of this book. One copy for my classroom and one copy to read to my class. I love the message in the book.

My 6th grade class loved the book! Each student decorated their own rocks and are displayed in a temporary "pond".

This is a great graduation gift for anyone that can be personalized! I know the recipients will cherish this gift!

Beautiful book for the newborns or little ones in your life! Fabulous message to embrace ones uniqueness and love oneself!

This is one of my favorite books for school counseling!

I purchased this book for my son's preschool graduation, but it would work well for any age!
