As I write this, Iâ€™ve never met Sergei. I commissioned a mermaid photograph online from Sergei for a book cover. The mermaids serving beer underwater in one-liter bottles are from that shoot. I love Moalboal, and have been there twice. Like Sergei, I snorkel and free dive only. And thatâ€™s enough to enter the magical wonderland of Moalboal, Cebu, Philippines. You can even enjoy it while safely encased in a life-jacket, without missing very much. SEE PARADISE BEFORE IT DISAPPEARS. If you canâ€™t go to the Philippines, this book is required reading/viewing for anyone who loves planet Earth.

I really enjoyed Mermaids and Gems: Underwater Model and Nature Photography. The pictures are breathtaking of both the models, the islands, the turtles, and the sea. The pictures make our family want to go visit this area as soon as possible. I can't wait to look at the other book created by this

author.

Why do I love that simple I saw it on the YouTube and the exotic beauty of the moalboal, Cebu seems so peaceful and beautiful it makes a perfect for underwater photography the colorful reef tropical rainforest waterfalls and sandy beaches but it's the mermaids and the exotic sea creatures that gives a magical wonder also they show how to remove few trashes in the reef telling us to keep the oceans clean but the mermaids is the real stars creating a fantasy tale-like wonderland believing that mermaids exist and we need keep the reef protect it anyway Mermaids and Gems is one of the best underwater pictures and exotic places as well.

What a fascinating project captured by one of my all time favorite photographs, Sergei Tokmakov. This book captures a breathtaking depiction of an undersea variation on "Beauty and the Beast" love story. Sergei has done an amazing job of capturing the natural beauty of the South Pacific undersea marine life in contrast to the exotic beauty of world-class "mermaids" from around the world. Sergei's creative and masterful photographic abilities are unsurpassed and an inspiration to all.

The author has a sense of humor that comes through in the photos and captions, and the subject matter is beautiful and unique in its setting. I also have to give credit to the school principal that posed for one shot.

Awesome and unique photos! Cool mermaid pictures. As a dive instructor, the coordination between two free divers the model and photographer is impressive. Really makes you want to see Cebu!

If you want to see what the Philippines, Moalboal and nearby places has to offer for anyone who wants to explore the world under the waves, this is a great place to start. Beautiful shots of corals, fish, schools, turtles, and yes, mermaids. :-) And one merman too.

This is a great book, wonderful photos and helpful info about some of the best places in Cebu, Philippines.
