Jehovah's Witnesses And The United Nations

Synopsis

This book is a one-stop resource detailing all the evidence regarding the Watchtower Society's affair with the United Nations. Not only did this affair deceive the United Nations, but it also deceived the worldwide membership of Jehovah's Witnesses. This book gives all of the source references so that the reader can verify the information for him or herself. It is a must-have for anyone who is investigating this matter in depth.

Why have I only just discovered this now? I started studying the bible with JW's in 1991 (the year the watchtower Society joined the UN.) Now, over 20 years later, I discover that while I was turning my life inside out and upside down in 1991, being rejected by my family, "persecuted" for my faith and much more, the Watchtower Society was joining the "disgusting thing that causes desolation" (according to their interpretation of Jesus' words.) While I was walking away from so called "false religion" and getting baptised, they were joining the ranks of the "Babylonish Whore" and riding the

Scarlet Beast they had demonised for decades - the United Nations. Like the author, at first I didn't believe this when I first heard it - until I went back and read the UN friendly articles published in the Awake and Watchtower magazines between 1991 to 2001 (their years of membership.) Especially the last paragraph of the September 1991 Awake series on the UN - presumably the series they presented to the UN to confirm their membership and commitment to upholding and actively promoting the goals and ideals set out in the UN charter. To say that this last paragraph is duplicitous in nature is an understatement. So the most damning evidence against the Watchtower Society is in its own publications, irrespective of any other documentation. And it makes a sham of their defence that they weren't aware of the implications of their membership, and it was all just for a library pass anyway (to access works which could easily have been obtained by other means.) Try telling that to the thousands of faithful men and women in Malawi who were gang-raped, beaten and killed in the most horrendous ways in the 1960s and 70s for not carrying a 25c political card - a trifling matter when compared to the entire Watchtower organisation joining the Big Daddy of global political organisations. Perhaps the most chilling line in the whole book is toward the end - on page 64: "And, even after all this time the Watchtower Society has still failed to apologize to all the members who have been hurt or shunned by this affair. It has still failed to be honest about this situation." I guess we are collateral damage? How could anybody ever trust another word from this man-made organisation?

She did research, and found out how the watchtower lies to people. Read the book and don't believe everything the watchtower tells you

The Kindle Preview is "Spot On". To elaborate the "governing body" of Jehovah's Witnesses must have (given the evidence presented within this book) been aware not only of the requirements of becoming an NGO but the ethical connection involved while remaining a member as an "NGO" (Non Government Organization) in association with the United Nations. The Watchtower leaders cleverly made it appear to the United Nations they held "common interest's" so as to become a member "NGO" associate. For this purpose the Watchtower September 8, 1991 (reproduced on page 15 of book) cleverly wrote an article paving the way for association (a requirement to produce certain proof's) that any prospective NGO applicants had to demonstrate a friendly disposition toward the UN Charter and Activities (Belief system) in which the article was entitled "The United Nations--A

Better Way?" It was cleverly written towards the United Nations and its future using wording like "play a major role"... "developments will be very exciting"... and "do some astonishing things that may well amaze you". The author says: [The reality, though, is that Jehovah's Witnesses will actually see these words for what they really are: Veiled references to their doctrinal view that the United Nations is the image of the beast of Revelation who will be given authority for a short time before God's Kingdom comes to destroy it (The Watchtower, September 1 1989 p.7). This ambiguous wording allowed the writer to play to both sides of the field. A deceptive ploy, but well done.] The book clearly makes the point even though the "governing body" and a number of "others involved at Bethel New York and other countries branches KNEW", does NOT mean rank and file "all other Jehovah's Witnesses" would have known of this intention and subsequent involvement as it unfolded and given the wording above both the United Nations and the average Jehovah's Witness were FOOLED; as the Preview and the book Title points out was the effect of this type of deception, which continued through ALL the years after granted NGO Status. Once it became "Public Knowledge" the Watchtower went into "Damage Control", firstly making a vague response to the Paper and sending a "letter internally" to serve a similar purpose and any whom talked about it or researched it (outside what the society stated about itself) were in effect to be "disfellowshipped" and from there "shunned" to silence dissent and "keep facts concealed". Luke 12:2 The NEW YORK Watchtower affiliation seemingly occurred in 1992 and lasted neigh on ten years before it was exposed in the "Guardian" UK Newspaper which triggered a WORLD WIDE RESPONSE which ultamedly meant many Jehovah's Witnesses at the "Doors" may be confronted with this hypocritical association. The main defence by the Watchtower basically pleaded ignorance to what was involved and when it was brought to their attention of what involved then a "parting of the ways resulted". The author however found the "weight of evidence outlined" in book did NOT support this representation and in fact was designed to further mislead to "save face" and make it sound like they became NGO's in ignorance. This type of pattern has been repeated on numerous occasions to conceal it's own misbehaviour's when found out and the tactic is always to (isolate those whom find out from other Jehovah's Witnesses saying Elders are handling matters) and once handled use their favourite labell "Opposes or Apostates" to (freeze JW's minds) and to further prevent enquiry then "SHUN Victims" and this means "Silencing Them" so none in the congregation will have anything to do with them effectively "concealing the cover up" by (controlling what version JW's are allowed to listen to) showing they disown the Truth by their OWN ACTIONS OF DECEPTION like the Pharisee's in Christ's Day. The book is NOT vindictive but sticks to the facts as found out by enquiry to BOTH SIDES. The author a JW was determined to PROVE the Watchtower right and checked all

their claims by requesting facts from the United Nations and in short found they DID NOT have to become a NGO to access the UN library which was (a main reason given by Watchtower Public Information Officer Paul Giles and ignorance) but the same information could be accessed from (UNICs) Information Centres online, and you don't even need personal identification to access it. The author Tami traced the "REAL REASON" to (NGO PRIVILEGES) which went to "PARTICIPATION" in (RELEVANT INTERNATIONAL CONFERENCES) held by United Nations. Chapter 6 of book goes into relevant details to PROVE this "PARTICIPATION" occurred by giving examples anyone may check up to prove this was the case. Chapter 7 goes into sufficient detail in regard to NGO CRITERIA quoting certain Resolution numbers and content wording and Articles 1 & 2 which gives the basis of involvement of which Tami also produces the documentation and announcements that leave NO DOUBT that the "governing body" KNEW THE IMPLICATIONS EVEN BEFORE THEY WERE GRANTED NGO STATUS AND "CONTINUED LIVING THE LIE FOR 10 YEARS THEREAFTER". Only after found out did they say anything about their involvement! Tami quotes many contradiction of faith and scriptures in conflict with this hypocrisy and any Jehovah's Witnesses "deep down" would also KNOW THIS IS UNACCEPTABLE. Many Jehovah's Witnesses should recall that all through the 1990's the Watchtower in their "AWAKE" magazine ran stories seemingly promoting the activities of the UN in an up building light while at the same time in the companion magazine "THE WATCHTOWER" exposed the UN as the "Disgusting thing in Revelation that causes desolation" and the "eight king of Rev 17:11" getting it's power from the other kings or world powers which it does and in return "they bow to it's policies". See for instance "UN Commission for Women" where (equal rights, empowerment, education) and enforcement of these concepts or policies are placed on ALL governments to comply, (which in turn exposes the empowerment and where equal rights of women springs) and why UN global policy with all governments, even USA leads the way which in itself is diametrically opposed to Jehovah's Witness belief's, having only Men taking the lead. (1 Cor 11:3) This also exposes the (power the UN holds over democratic governments) and enforced policy or else, see other sections where UN direction policy is to effect UN policy worldwide, and any whom DO NOT comply "Rouge states", thus it seems "misleading ALL the nations", which makes such involvement Hypocritical!! I know in the mid 1990's onward the difference between the "AWAKE" presenting UN stories and agenda in favourable light contrasted with the "WATCHTOWER" and reasoned then there must be some reason "WHY" this was occurring some sort of deal had been done because it just (did NOT make sense to promote the UN) in this way. Many of UN practises opposed Christ's or "replaced Christ himself" as a "clear anti-Christ" forewarned would come just before the end. I know despite this

most JW's seemed unperturbed granted many probably did not want to be seen talking about the inconsistencies in case they be targeted as questioning their authority, risk disfellowshipping. However it did not change the fact something was wrong. This book shows to the world "WHY THIS TOOK PLACE," corresponding to all the years they were registered NGO's in association with the United Nations and answers any questions with facts to PROVE why this occurred. To those whom suspected something was horribly wrong the book serves to verify those claims. To those whom let this "go over their heads", well it's "TIME TO POKE YOUR HEADS UP AND HAVE A READ" and see for yourself, "THE NOW TOLD STORY" that can "NO LONGER REMAIN UNTOLD." Well done Tami. JW's this one is for you don't be afraid what can "MAN DO TO YOU" the "Truth will Set YOU Free". John 8:32 Ask yourself, (collectively if in a family) if you are in the TRUTH what could possibly occur by examining the TRUTH about the TRUTH? If the Watchtower side of the story is right then you should be able to discern it from the Facts? "There is NO Fear in Love" (of the truth), but perfect love throws FEAR OUTSIDE, because FEAR EXERCISES A RESTRAINT. Indeed, he that is under fear has not been made perfect in love." 1 John 4:18 The key to "love" is "NOT to FEAR LEARNING THE TRUTH". If you are a true Christian following Christ why turn back to following MEN? Can these "Men (governing body) save you if they can't save themselves by being "Friends of the World", (by their willful Participation as NGO's associated with UN) hence "making themselves God's enemy" in defiance of James 4:4? You might say their "Time has come", and now "can they also qualify" for their part involvement with "Babylon the Great" meaning (decisive action may be needed to separate) according to what Jehovah's Witnesses learn Rev 18:4 means, "given these facts of involvement" with the very thing they denounce that makes one subject to judgement; "if they do not get out from among them", as a clear contradiction in terms to remain if UNCLEAN BY SINS? Further JW's teach that Mt 24:15 if applied means discernment, NOT association? To those whom know little about Jehovah's Witnesses why they should avoid the United Nations this book gives a "Good grounding" of the "Overview" to these issues and why this book is beneficial for all to consider the facts outlined.

Excellent book.

This is a must read, especially for a once very devout jw like myself. I'm normally skeptical of information and I need to see proof before believing what I hear. This book provides a great a deal of facts , so much so that the only logical conclusion one can draw is that the watchtower and bible tract society purposefully and knowing joined the United Nations plain and simple. This book should

be read by all jw's who want to know the Real Truth. The book is an easy read with plenty of documentation to back up what is being said. The author in my opinion was not harsh or mean in her writing about the watchtower , she just lays out all the facts for all to see.

I am Catholic but I grew up a Jehovahs' Witness. This book was just more proof of the never ending lies from The Watchtower Bible and Tract Society. In the end the truth always comes out. I just pray that the members will realize it some day. I still have 3 sisters in that disaster

This is an excellent collation of public documents about the Jehovahs Wittness religions "secret"to their members association with the United Nations . The united nations being in the doctrinal view of the Jehovah's wittness the visible organization of Satan and his demons. This book is an expose of the hypocrisy that is ripe in the history of this church.I highly recommend any truth seeker to read this book.
