Roget's Super Thesaurus

Synopsis

Roget's Super Thesaurus is a perennial favorite among writers, and this latest edition has more than 1,000 new and expanded entries. This timesaving reference will help you find the perfect synonym or antonym to give your writing precision and color. From aback to zydeco, you'll find the exact word you need. Easy to use and comprehensive in content, Roget's Super Thesaurus includes these unique features: reverse dictionary, sample sentences, enlightening quotes, more than 400,000 synonyms and antonyms. The next time that elusive, just-right word or phrase is on the tip of your tongue, reach for Roget's Super Thesaurus. With more features than any other word reference, it's a must-have for every writer's desk! --This text refers to an out of print or unavailable edition of this title.

Best Sellers Rank: #2,334,168 in Books (See Top 100 in Books) #98 in Books > Reference > Dictionaries & Thesauruses > Synonyms & Antonyms #351 in Books > Reference > Dictionaries & Thesauruses > Thesauruses #12478 in Books > Textbooks > Reference

Customer Reviews

YA? This comprehensive, detailed, and thorough new resource will be a boon to students. The book has been carefully researched and is alphabetically arranged; many entries are lengthy and precise. Antonyms are supplied, as is additional information when relevant. Quotations are included to better illustrate word meanings, such as the definition of star by Longfellow as "the forget-me-nots of the angels." A great desk reference that will provide variety, precision, and clarity for all writers.? Marguerite O'Connor, Lee High School, Springfield, VA Copyright 1995 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Marc McCutcheon is the author of fourteen books, including *Descriptionary*; *Damn*, *Why Didn't I*

Write That?; and Everyday Life in the 1800s. He runs his own bookstore, Once and Again Books, in Scarborough, Maine. --This text refers to an out of print or unavailable edition of this title.

Although a great thesaurus in book form, this is not set up well for the kindle. The only way to move through the book is with the Search this Book or FIND feature on the kindle. This takes you to locations where your desired word may be but not to the word itself. Very frustrating to use! A waste of \$10.00. Very disappointed.... all it would need is a search built in similar to a dictionary. Again, a great Thesaurus but not for the kindle.... too bad!

This had the words and more of what I needed for my writing

There are people who love words for their own sake and those for whom words are tools of their trade - and there are some, like myself, who are both word lovers and word users. "Super Thesaurus" is a book that should delight all three groups, at least for a while. "Super Thesaurus" tries to differentiate itself from competitors by being "super". It boasts not only synonyms, but is something of a "reverse dictionary

A great reference to have on hand!

I've used this Thesaurus almost every day since I purchased it. I got a smokin' deal (barely used) from one of 's partners. I needed to replace an old Roget's from my high school days as it was being held up by a rubber band. This one has additional features which I frankly haven't used yet. But for a basic word tool, I have no complaints or issues with how this one is laid out. I love my Thesaurus!

I've been operating with a 1974 Webster New World Thesaurus for over a year now. It was purchased at a garage sale I think and the more I needed it the less I wanted to rely on it. It didn't contain nearly the amount of words I KNEW existed and I couldn't figure out how this book could call itself a Thesaurus when it didn't even have words like ABATE, ABACK, ABET, JEER, COMMISERATE, just to name a few. I actually did a little jump when I finally recieved my Super Thesaurus in the mail and have used it nearly everyday since. It's a blessing and the only reason I gave it 4 stars is because I am afraid of the spine cracking allowing pages to become loose and the print is rather tiny (small, diminutive, little, wee, puny, miniture, minute, miniscule, lilliputian, dwarf, pygmy, pint-sized, pocket-sized, teeny, itsy-bitsy, microscopic, infinitesimal) but I'm so excited to

have an actual THESAURUS that I just don't care. It's worth the buy people. I PROMISE!

I'll make this quick: I write (commercially) for a living. I'm often looking for another word so I don't get/sound repetitive. OR a better word meaning the same thing. It's the writing "game." This is better than a dictionary. I already know how to spell. This is the THIRD one I've bought! I have the 2nd and 3rd editions. The 2nd edition is shopworn. The 3rd edition on its way to being shopworn. I use em all the time. One at home; one at work. Hands down, if you're serious about writing and/or word usage, this is THE BIBLE! Er, absolutely best on the market.

I am utilizing this text as we speak ... has been able to rise above all my expectations!
