Japanese Sports: A History

Synopsis

In this first synthetic, comprehensive survey of Japanese sports in English, the authors are attentive to the complex and fascinating interaction of traditional and modern elements. In the course of tracing the emergence and development of sumo, the martial arts, and other traditional sports from their origins to the present, they demonstrate that some cherished "ancient" traditions were, in fact, invented less than a century ago. They also register their skepticism about the use of the samurai tradition to explain Japan's success in sports. Special attention is given to Meiji-era Japan's frequently ambivalent adoption and adaptation of European and American sports--a particularly telling example of Japan's love-hate relationship with the West. The book goes on to describe the history of physical education in the school system, the emergence of amateur and professional leagues, the involvement of business and the media in sports promotion, and Japan's participation in the Olympics.

Japanese Sports Trivia Quiz (openli) Japan's first professional baseball team was founded in 1921. When were the Central and Pacific Leagues established? a. 1930; b. 1940; c. 1950; d. 1960 (openli) Oh Sadaharu hit 51 home runs in 1973 and 49 in 1974. Customer Reviews

This is a very interesting book, on a subject that is not readily available outside Japan. The historical chapters on the development of kemari (an ancient, aristocratic ball game), sumo and other typical Japanese sports are treated with academic seriousness, though with an accessible and easy approach. The dismistification of constructed and uncritically accepted traditions associating martial arts (budo) with the warrior code (bushido) are worth the book alone, and should be read by all who are interested on the subject. Also of note is the introduction of Western sports in Japan starting from the Meiji Era, especially in the beginning of the XXth century, set in the background of westernization and fast technological development of the Japanese society, and the role of Japan in the Olympics.
