It is a great book for the tourists really wants to enjoy every place of Greece by knowing all the important things like history, food, significance of the place at the same time.

I bought this travel book to research Greece after I had to cancel my trip to Italy with my sister. I recommend this book to anyone traveling and wanting to learn more before their trip. They are also great to take on a trip to refer to for sights, restaurants, etc. I highly recommend this to everyone who wants to visit Greece.

I'm sorry to say that it was very disappointing, impractical and uninteresting. In my opinion a travel book should always have pictures and to me this was a total waste of my money. It was as if the author had just photocopied some texts at home.

What a joke. This does you as much good as a coloring book or "Dr. Seuss goes to Greece. Totally worthless.

Good short book that gives exactly what it promise. You get the most amazing places that you can visit in greece. The book explains things short but easy. It would be ideal with pictures but its a nice book to discover greece.

So cool! the places that the writer of this travel guide piece has cited are breathtaking! Stadium of Delphi has to be my first stop. Just checked them online. It was mesmerizing actually. And oh, the beaches! They look so calm and refreshing. Can't wait to visit Greece soon. Of course, it'll be perfect if there were illustration, though.

A complete guide to learn the beauty of Greece. Your time on visiting this beautiful country is

maximize with the help of this book. I highly recommend this book.
