Customer Reviews

BBC Books is the publisher of choice for titles relating to BBC programmes and personalities. One of the UK's leading non-fiction imprints, BBC Books has had particular success in the food and drink, gardening, history, natural history and travel genres. Amongst our authors are some of Britain's best-known and best-loved TV personalities including Mary Berry, David Attenborough, Alan Titchmarsh and Rick Stein. We are also the official publisher of some of the BBC's biggest global brands, including Doctor Who, Top Gear, Sherlock, Good Food and Strictly Come Dancing.

tons of fun.... postcards are the best.... look what we did!

I would like to note that this is 12 STORIES, not 12 books. It's a collection of short stories. As a

matter of fact, all 12 stories combine to a grand total of 592 pages. That said, I think it's neat having a collection of small stories, and the postcards are fantastic! I haven't read all the stories yet, so I can't comment on how good or bad they are, but I think, if you're a Doctor Who fan this is definitely worth the money. The stories are good ones to share with children, as well as read yourself. I intend to share them with my students (5th grade).

Very good collection with many twists and turns. However, they really don't explain the companions well, and are not very developed. They're just there. You would have to be a hardcore Doctor Who fan and watch a few classics to understand the characters more. Great stories. However I would probably only read them once or twice.

Look, these are stories about the Doctors, whom I've been watching since Tom Baker so I can't say anything too bad about them. However, I confess I was disappointed. My main points of criticism: 1. The stories are remarkably short; more like a teaser, than one which is fully developed. 2. The stories are clearly intended for a younger audience. 3. The FATAL flaw, in my opinion, is that any of the stories could have been about any of the Doctors, i.e. they completely fail to capture the unique personality of the Doctor whom they purport to be about.

I bought this for my daughter and she had them all read within two weeks. She loves everything Doctor Who. definitely did not disappoint. Hope they come out with another set soon!!! I love getting my kids things they love to reading!!!

Every Doctor Who fans should have this, even my brother loved it

This is quite a unique collection. Each story is a new author, telling of their interpretation of the Doctor they are writing about. It is interesting for the most part I was able to place each Doctor's personality with the authors interpretation. Worth the read!

Awesome find for any Doctor Who fanatic.
