SMART TASS (The OHELLNO Series Book 1)

Synopsis

From New York Times Bestseller Mimi Jean Pamfiloff comes SMART TASS, a Romantic Comedy. He's the hot college quarterback all the girls want. She's the smart girl he loves to pick on. And now that they're all grown up, things are about to get geekin' ugly... My name is Tass. I'm smart, I'm driven, and I am determined not to let prankster Hunter Johnson continue raining on my parade. When we were little, he'd pull my hair and call me names. When we were teenagers, he'd throw food and tease me for being a flat-chested virgin. But now that we've ended up at the same college, he's out of his hot head if he thinks he can keep messing with my life. It's like he's fixated on me or something. Well, guess what, Mr. Amazefootball? I'm not that geeky little girl anymore and you do not screw with a smart woman. So what's my plan? It's definitely wild, and he's about to find out...

Customer Reviews

The power of WORDS is explored! In our age of awareness concerning bullying this is a read that explains the effects of a bleeding heart. Tassie and Hunter are neighbors and two souls who have

bounced their feeling like a rubber ball for years. Shadows of our mind shield us from hurt and lash out with anger when threatened. Pamfiloff always conveys intense characters that likely will either make you laugh or cry or more likely both. Quick, Funny, Romantic journey that leads to the ultimate escape! Don't miss out on this one or any of her series! "A copy of this book was provided by author through NetGalley with no requirements for a review. I voluntarily read and my comments here are my honest opinion." While I was waiting for the approval on this I purchased my own copy just as I have done for years. Yes she is that good! Look forward to Oh Henry which I think I will go purchase right now!

I have fallen in love with Tass and Hunt. I mean come on this book had it all smarts, witty banter, really hot Hunter, and heroine that I admire. Tass and Hunt have known each other since they're kids. The relationship has always been not so great. Ok it was full on war sometimes. But now they going to the same college and have been thrown together again. I related to Tass and Hunt with what was going on with them. I found a sense of ease in between laughing my butt and seeing how their past and present was working together. Elle and Henry who you'll meet in book won me over. Mimi Jean Pamfiloff has written another amazing book with an the perfect amount of sassy, nerdy awesomeness, hot sexy keg runs, and that trademark cliffhanger (yes she does this a lot, u'll learn to have a love/hate relationship with it hence my title ^), and a really hot drool worthy Hunt!!!

I got sucked into this book with the funny banter these two shared, in the sample given by the author. I just had to buy it. The outrageously funny sh#t that Tass throws Hunter's way made me laugh out loud. But with all that was being said and done. With the back and forth between these two, you learn, just because your smart or a jock doesn't mean comments don't stick with someone. In the smart words of Tim McGraw "always be humble and kind." But for these two an apology goes a long way towards forgiveness. This was a great book, and the side characters are sweet too. I can't wait for the next book in the series.

I enjoyed this book, which is the start of a series of college age stories about misunderstandings. Tassie is book smart but not boy smart, as she is thrown together yet again with her childhood nemesis Hunter. But the chemistry is undeniable, and not everything is as it seems. I'm not crazy about the amnesia storyline that Tassie seems to have, but loved the way the story came to a head, with the families of both Tassie and Hunter resolving misunderstandings of their own. It was a great scene. Can't wait for book 2

I'm a big romance fan and this book did not disappoint. I hate that it just ends (grrrrrr) but I knew going in that it was going to and that there's more to come. Tass is a very strong female lead in this book and leaves you wanting more of her smart ass mouth and come backs. Hunter (yummm) is hotness to the hundred degree. He's trying to win Tassy and she's trying her best to pretend that he's not there like they've done since they were six. He's bound and determined to win her and she just may lose her heart in the end to the jock with no brain (so you think). Smart Tass is a great read and will leave you wanting more from this great series. Keep them coming Mimi Jean!

Goodness, the back and forth between Tass and Hunter is hilarious! Right from the start this book had me laughing out loud. But underneath the zingers and one liners, you see how the comments that are thrown around can actually have a lasting effect, no matter if you're the "nerd" or the "jock". And regardless of an apology, it takes more than words to show that you really are sorry for how your words have affected someone else. I'm looking forward to the next book in the series.

Hunter and Tassie are a beautiful mess. This book takes place in college, but goes back to early childhood. I like how each of them makes a stand for each other by not following their peers ways and views. Sorry i like reading reviews with more of plot reveal; but if i do that, believe me I'll ruin the plot for you. This book hits home with how we judge others by not looking beyond what we physically see. We make snap judgements about each other by looks, brains, hobbies and professions. These two over come it. I really felt for all of the characters, loved reading their journey. I can't wait for Henry and Elle's story, maybe we'll get to see more of Hunter and Tassie.

This was the perfect Friday night read! Mimi Jean has the gift of keeping a story line moving and this was no exception. I enjoyed every moment of every page. Tass is a crazy smart back talking new adult with just the right ratio of insecurities to make me love her. Hunter is adorable and gorgeous and I adored him! This book has all the Mimi Jean laughs, cries, and perfection rolled into one. A fantastic story and I'm anxiously awaiting book number two which has Tass and Hunter's sidekicks - can't wait!!!! Go buy this book and get ready to roll into another fantastic series!
