Customer Reviews

I think the selection of songs is representative of Mayer's best work but I can't believe this is "For Easy Guitar". I don't find any of these songs to be easy and I consider myself an advanced beginner to early intermediate player.

. It shows all chords for the songs listed as well as TAB for solos etc. I wish it had a few other songs but it will keep me busy for quite a while.

I am enjoying the product and the service rendered was next to none I have experienced

The description is a little vague. I know it said easy guitar, but I thought the solo's and everything would be there. Basically its tab for the intros and maybe some of the verses, but none of the solos,

which is what I was really wanting it for.

This book is fantastic. I have many song books, but this one stands out as well thought out in terms of chosen material, and coverage of said material. Great for chord progressions, melodies, vocals, etc.

Son likes it

Love this!

Does exactly what it says on the cover. Very nice.
