Customer Reviews

At first, I had a big groan when I saw these announced. But they're great. I have the CRB as well in

the pocket edition and it's great. The bestiary is perfect for GMs of course, but also for those hot on summoning and the like. It also just looks less daunting to newer or more casual players (even though it's just shrunk down). The only sad part is, since this will definitely get put in and out of bags due to the nice size/weight - the cover is bound to get roughed up corners. Not a drawback at all, just makes me sad.

Perfect size! All the same info, but less cumbersome and easier to carry along to game nights.

It's small size makes it ideal for sitting behind my gm screen.

I am really happy with these books. I was working on a campaign while flying home from a trip. I was able to pull out the book and not look like a crazy person.

Great portable version of the book. I use it more than my full size one.

Great book! I've found I like the paperbacks more because they're smaller in size and the bindings don't fall apart.

Awesome

It's perfect for referencing.
