Flying Over ABC: (Aruba, Bonaire, Curacao)

Synopsis

With more than 200 aerial photographs, Karel Tomeš shows us the Netherlands from above. From the vantage point of a small aircraft, he has taken photographs that have been organized around a specific theme, city or province, taking the viewer along full beaches, urban areas, churches, scrap yards, winter landscapes, harbors, rivers and other aircraft. Cities such as Amsterdam, Rotterdam and Utrecht are given special attention. The crystal-clear photographs, meticulously composed and oblong-shaped, displayed in a colorful, no-nonsense layout, are interspersed with poems and short texts. The photographer is a recognized specialist, whose aerial photographs can be found in numerous publications.
