Corsica Trekking GR20 (Trailblazer Trekking Guides)

Synopsis

A mountain range rising from the sea, Corsica holds the most arrestingly beautiful landscapes in the Mediterranean. From its cobalt blue gulfs and shell-sand beaches, hillsides of evergreen maquis give way to pristine oak, chestnut and pine forests, awesome gorges, alpine lakes and a spine of snow-streaked peaks and passes. Among the many trails that penetrate its remotest corners, the GR20, following the island's watershed, is a high-level route that has won an international reputation as being Europe's most challenging long-distance path. 35 detailed trekking maps showing walking times, places to stay and points of interest, with detailed route descriptions for the entire GR20. Practical information including: planning your trip; travelling to Corsica from other parts of Europe, North America and Australasia; getting to the trailheads; historical and cultural background; what to see; health and safety; minimizing your impact on the environment; French and Corsican language sections. Accommodation and restaurants; reviews of places to stay and eat at all budgets, from luxury heritage hotels to the pick of Corsica's gîte's, hostels and restaurants. Gateway towns including: comprehensive guides to Ajaccio, Bastia and Calvi. Corsican flora including: full-color photo guide to the island's flora.

Customer Reviews

'There are already several guidebooks to walking in Corsica, but this new one from Trailblazer looks to be the best' 'this excellent guide'-- The Sunday Times (UK) reviewing Trekking in Corsica as Book of the Week, 2 July 2002

A mountain range rising from the sea, Corsica holds the most arrestingly beautiful landscapes in the Mediterranean. From its cobalt blue gulfs and shell-sand beaches, hillsides of evergreen maquis give way to pristine oak, chestnut and pine forests, awesome gorges, alpine lakes and a spine of snow-streaked peaks and passes. Among the many trails that penetrate its remotest corners, the GR20, following the island's watershed, is a high-level route that has won an international reputation as being Europe's most challenging long-distance path.35 detailed trekking maps – showing walking times, places to stay and points of interest, with detailed route descriptions for the entire GR20 Practical information – planning your trip; travelling to Corsica from other parts of Europe, North America and Australasia; getting to the trailheads; historical and cultural background; what to see; health and safety; minimizing your impact on the environment; French and Corsican language sections Accommodation and restaurants – reviews of places to stay and eat at all budgets, from luxury heritage hotels to the pick of Corsica's gÃ¢tes, hostels and restaurants Gateway towns – comprehensive guides to Ajaccio, Bastia and Calvi Corsican flora – full-colour photo guide to the island's flora

This is a no nonsense description of this not so well known Trek (by Americans). There are other excellent Guide books on GR20 and David Abram's book stands tall with the rest. Plenty of photos, understandable maps, history of the Island, and more important the present day people and their culture. You will find up-to-date tips on travel ,food and places to stay in the towns. For anyone who is considering trekking on GR20 or even just visiting Corsica I would recommend this Guide book.
